

Landscape & Garden Maintenance Staff

Bosworth's Landscapes are currently looking for Landscape and Garden Maintenance staff, to help with the ongoing growth of the business.

We are a well established, award winning Domestic Landscape company producing top-end design-build projects along with Garden Maintenance in Northamptonshire and surrounding counties. The Job will be based at Bosworth's Garden Centre in Burton Latimer.

Job Requirements

- Basic Gardening experience is preferred, but not essential
- Valid UK Driving Licence essential
- Ability to work within a team of 2-3 people, to complete projects efficiently and on time
- A 'can do' attitude, and a willingness to learn and produce quality work are essential
- A positive attitude towards colleagues and customers with good communication skills
- To be able to work tidily and efficiently at all times
- The ability to work with a wide range of products to create inspiring gardens
 - The Garden Maintenance roles involve carrying out maintenance and small garden projects to mainly Domestic clients
 - The ability to carry out some Commercial work will be required
 - Although not essential initially, the ability to use small garden machinery such as Lawnmowers, strimmers and hedge cutters would be beneficial. Training will be given
 - Commercial maintenance will involve the use of larger machinery such as Ride on Mowers
 - Soft landscaping - Planting and Turfing - will be carried out by the Garden Maintenance teams, this will be to both Domestic properties and small residential developments.
 - Work will include clearing and tidying overgrown gardens, maintenance of existing gardens, laying turf and planting plants, erecting and repairing fences and completing small paving, decking and similar garden projects
- We aim to work in properties with large or intricate gardens, so the ability to work to a high standard is essential

Training options will be available to keen and motivated staff.

Salary and Hours

We operate a flexible working week throughout the year to cope with the seasonality of the work. 45 hours per week are worked in Spring and early Summer, 42.5 in Late Summer and Autumn, and 40 during the winter, all staff start at 7:30 and this equates to an average 42.5 hour week throughout the year. Salary commensurate with age and experience, but will be a minimum of £18,500 for the right candidate.
