

JOB VACANCY

Landscape Construction Team Leader

Bosworth's Landscapes are currently looking for an experienced Senior Team Leader to run one of our landscape construction teams, and to assist the Landscape MD with the running of our other teams.

We are a well established, award winning domestic landscape company producing top-end design-build projects in Northamptonshire and surrounding counties. Based at Bosworth's Garden Centre in Burton Latimer.

Job Requirements

- Minimum Three years Construction experience, Groundworking, Carpentry and Bricklaying are all skills required as a Landscaper.
- Valid UK Driving License essential
- Ability to use and operate small on site machinery (such as a mini digger/dumper) safely and efficiently
- Proven ability to run a team of 2-3 people, to complete projects efficiently and on time
- A positive attitude towards colleagues and customers with good communication skills
- The ability to work with a wide range of products to create inspiring gardens.
 - Timber is used to create Decking, Fencing, Pergolas, retaining walls and raised planting Beds.
 - Different types of stone, bricks and walling are used to create retaining walls, garden features, ponds and boundaries.
 - Paving is laid using modern materials such as Porcelain and smooth cut stone, as well as traditional natural stone and a wide range of Concrete based paving.
 - Water features require a basic knowledge of Plumbing as well as other skills.
 - Soft landscaping - Planting and Turfing - is carried out to create the final visual aspect of the garden, although this is usually completed by our maintenance teams.
 - Driveways are installed using basic block paviors, as well as using Rumbled Setts, Granite Setts and Natural Stone, and are used in a creative way.

Responsibilities and Duties

- To run and manage a team of 2-3 people to complete mainly landscaping construction projects to the required standard, following the correct procedures within the allocated time.
- Accurately interpret drawings, complete all necessary paperwork and manage site safety.
- Liaise with clients and subcontractors on site and communicate feedback to management.

Salary and Hours

Working week will be averaged at 42.5 hours per week, with day length adjusted to the Seasons. This is a salaried position, so some overtime will be necessary during busy periods. Salary, commensurate with age and experience, is anticipated to be between £28,000 and £32,000 for the right candidate.
